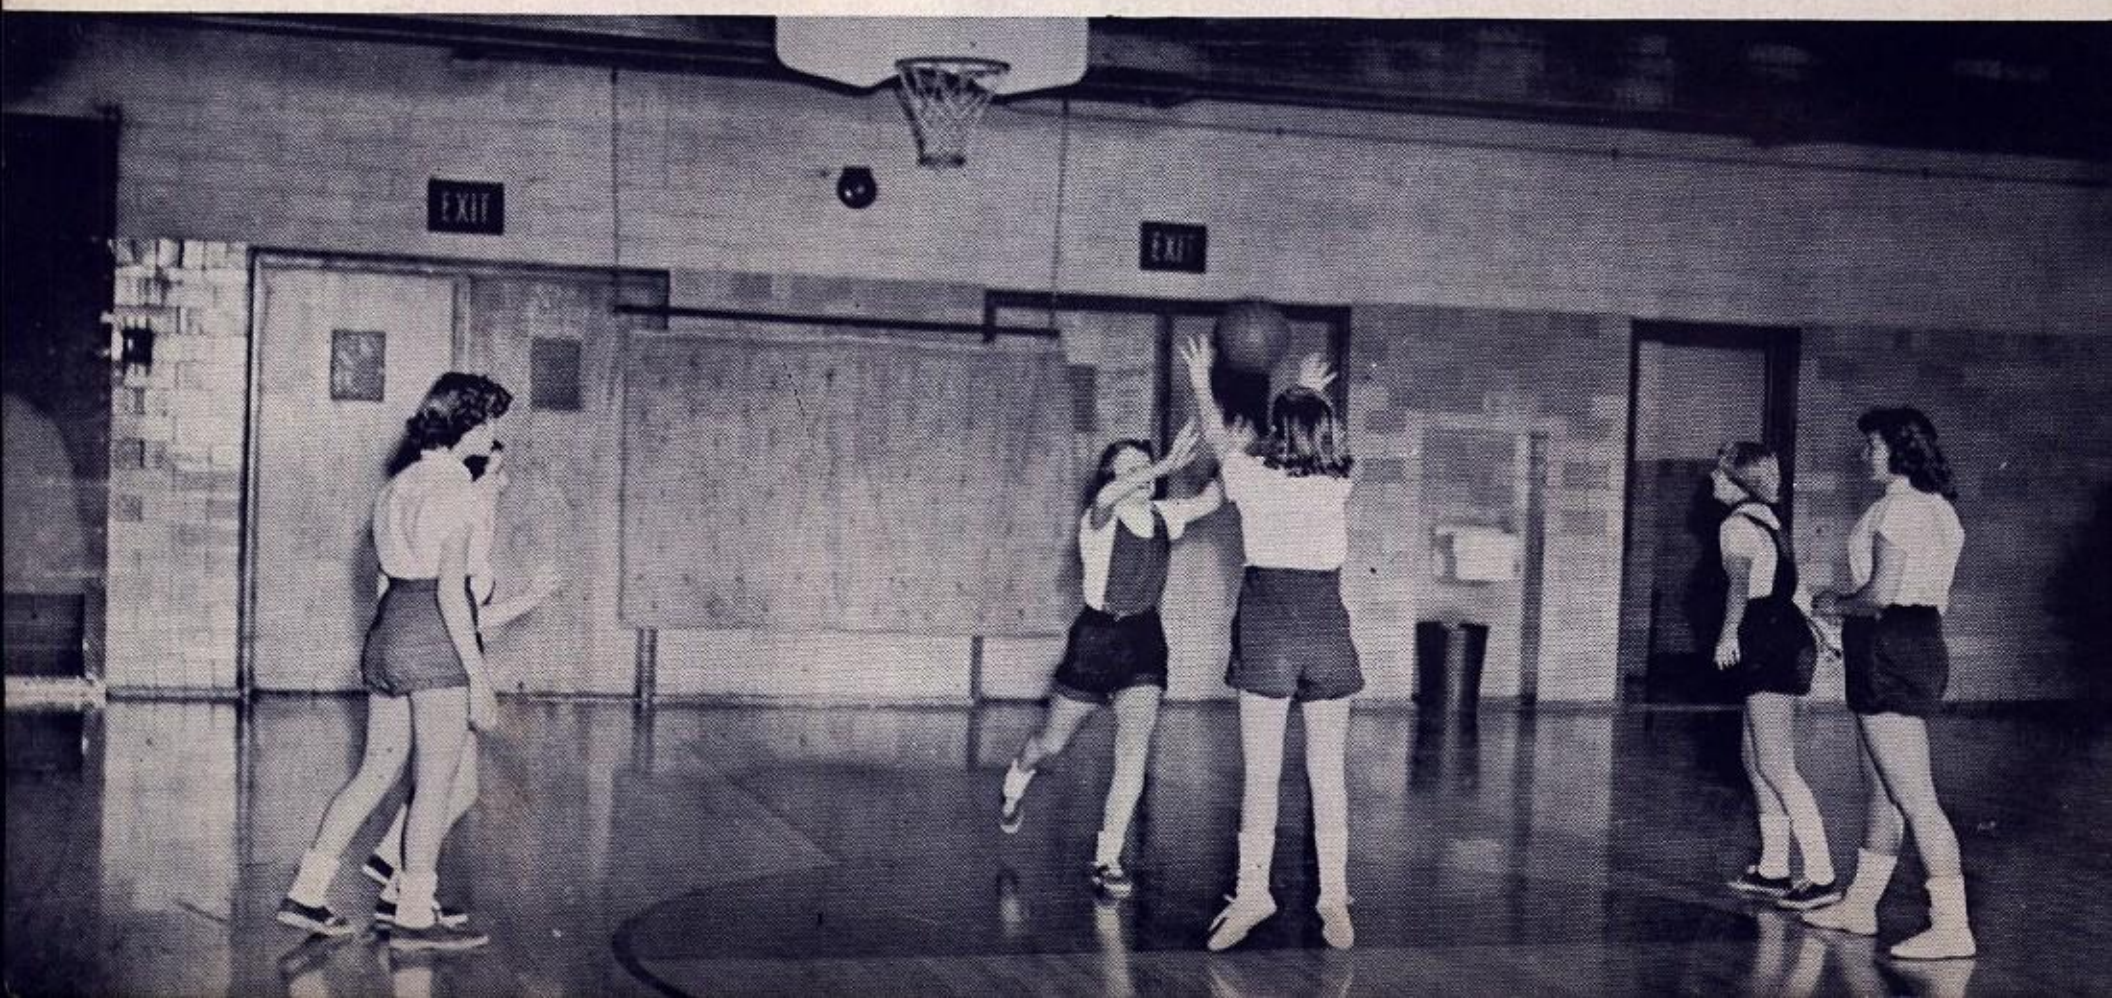
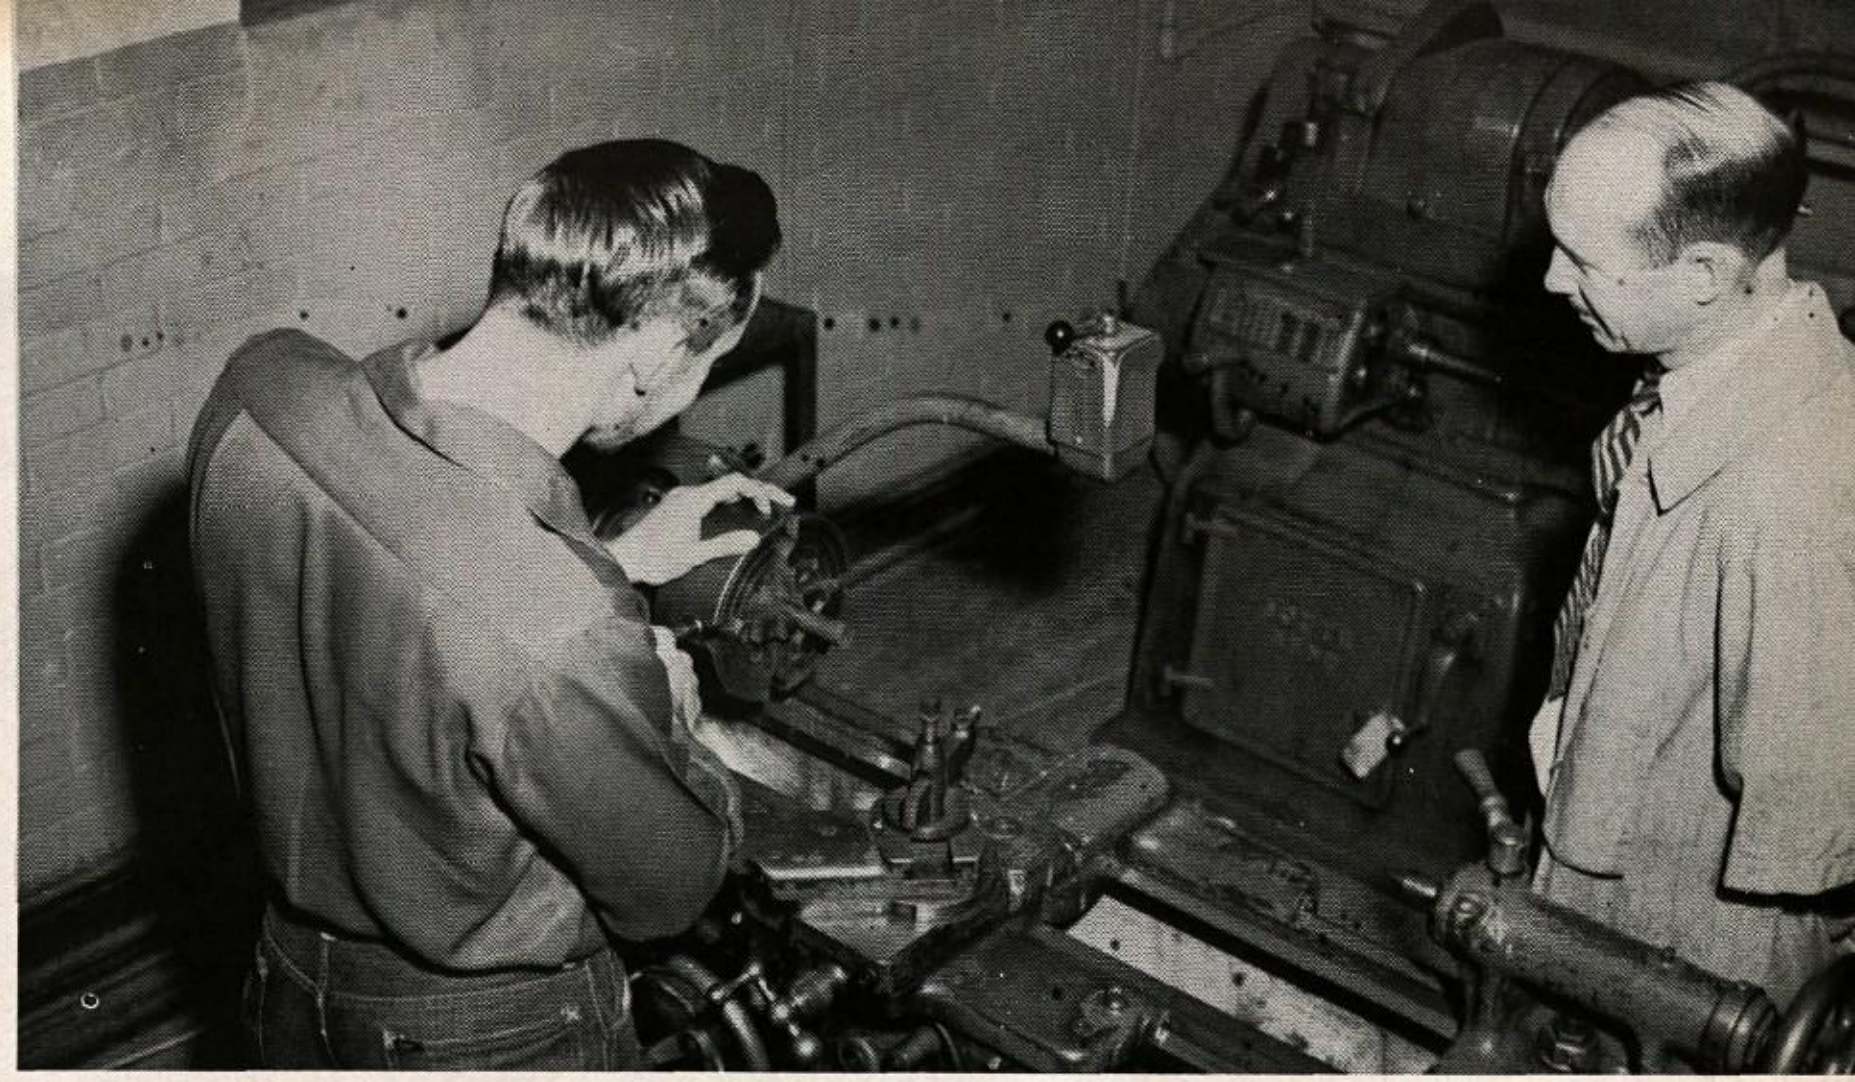
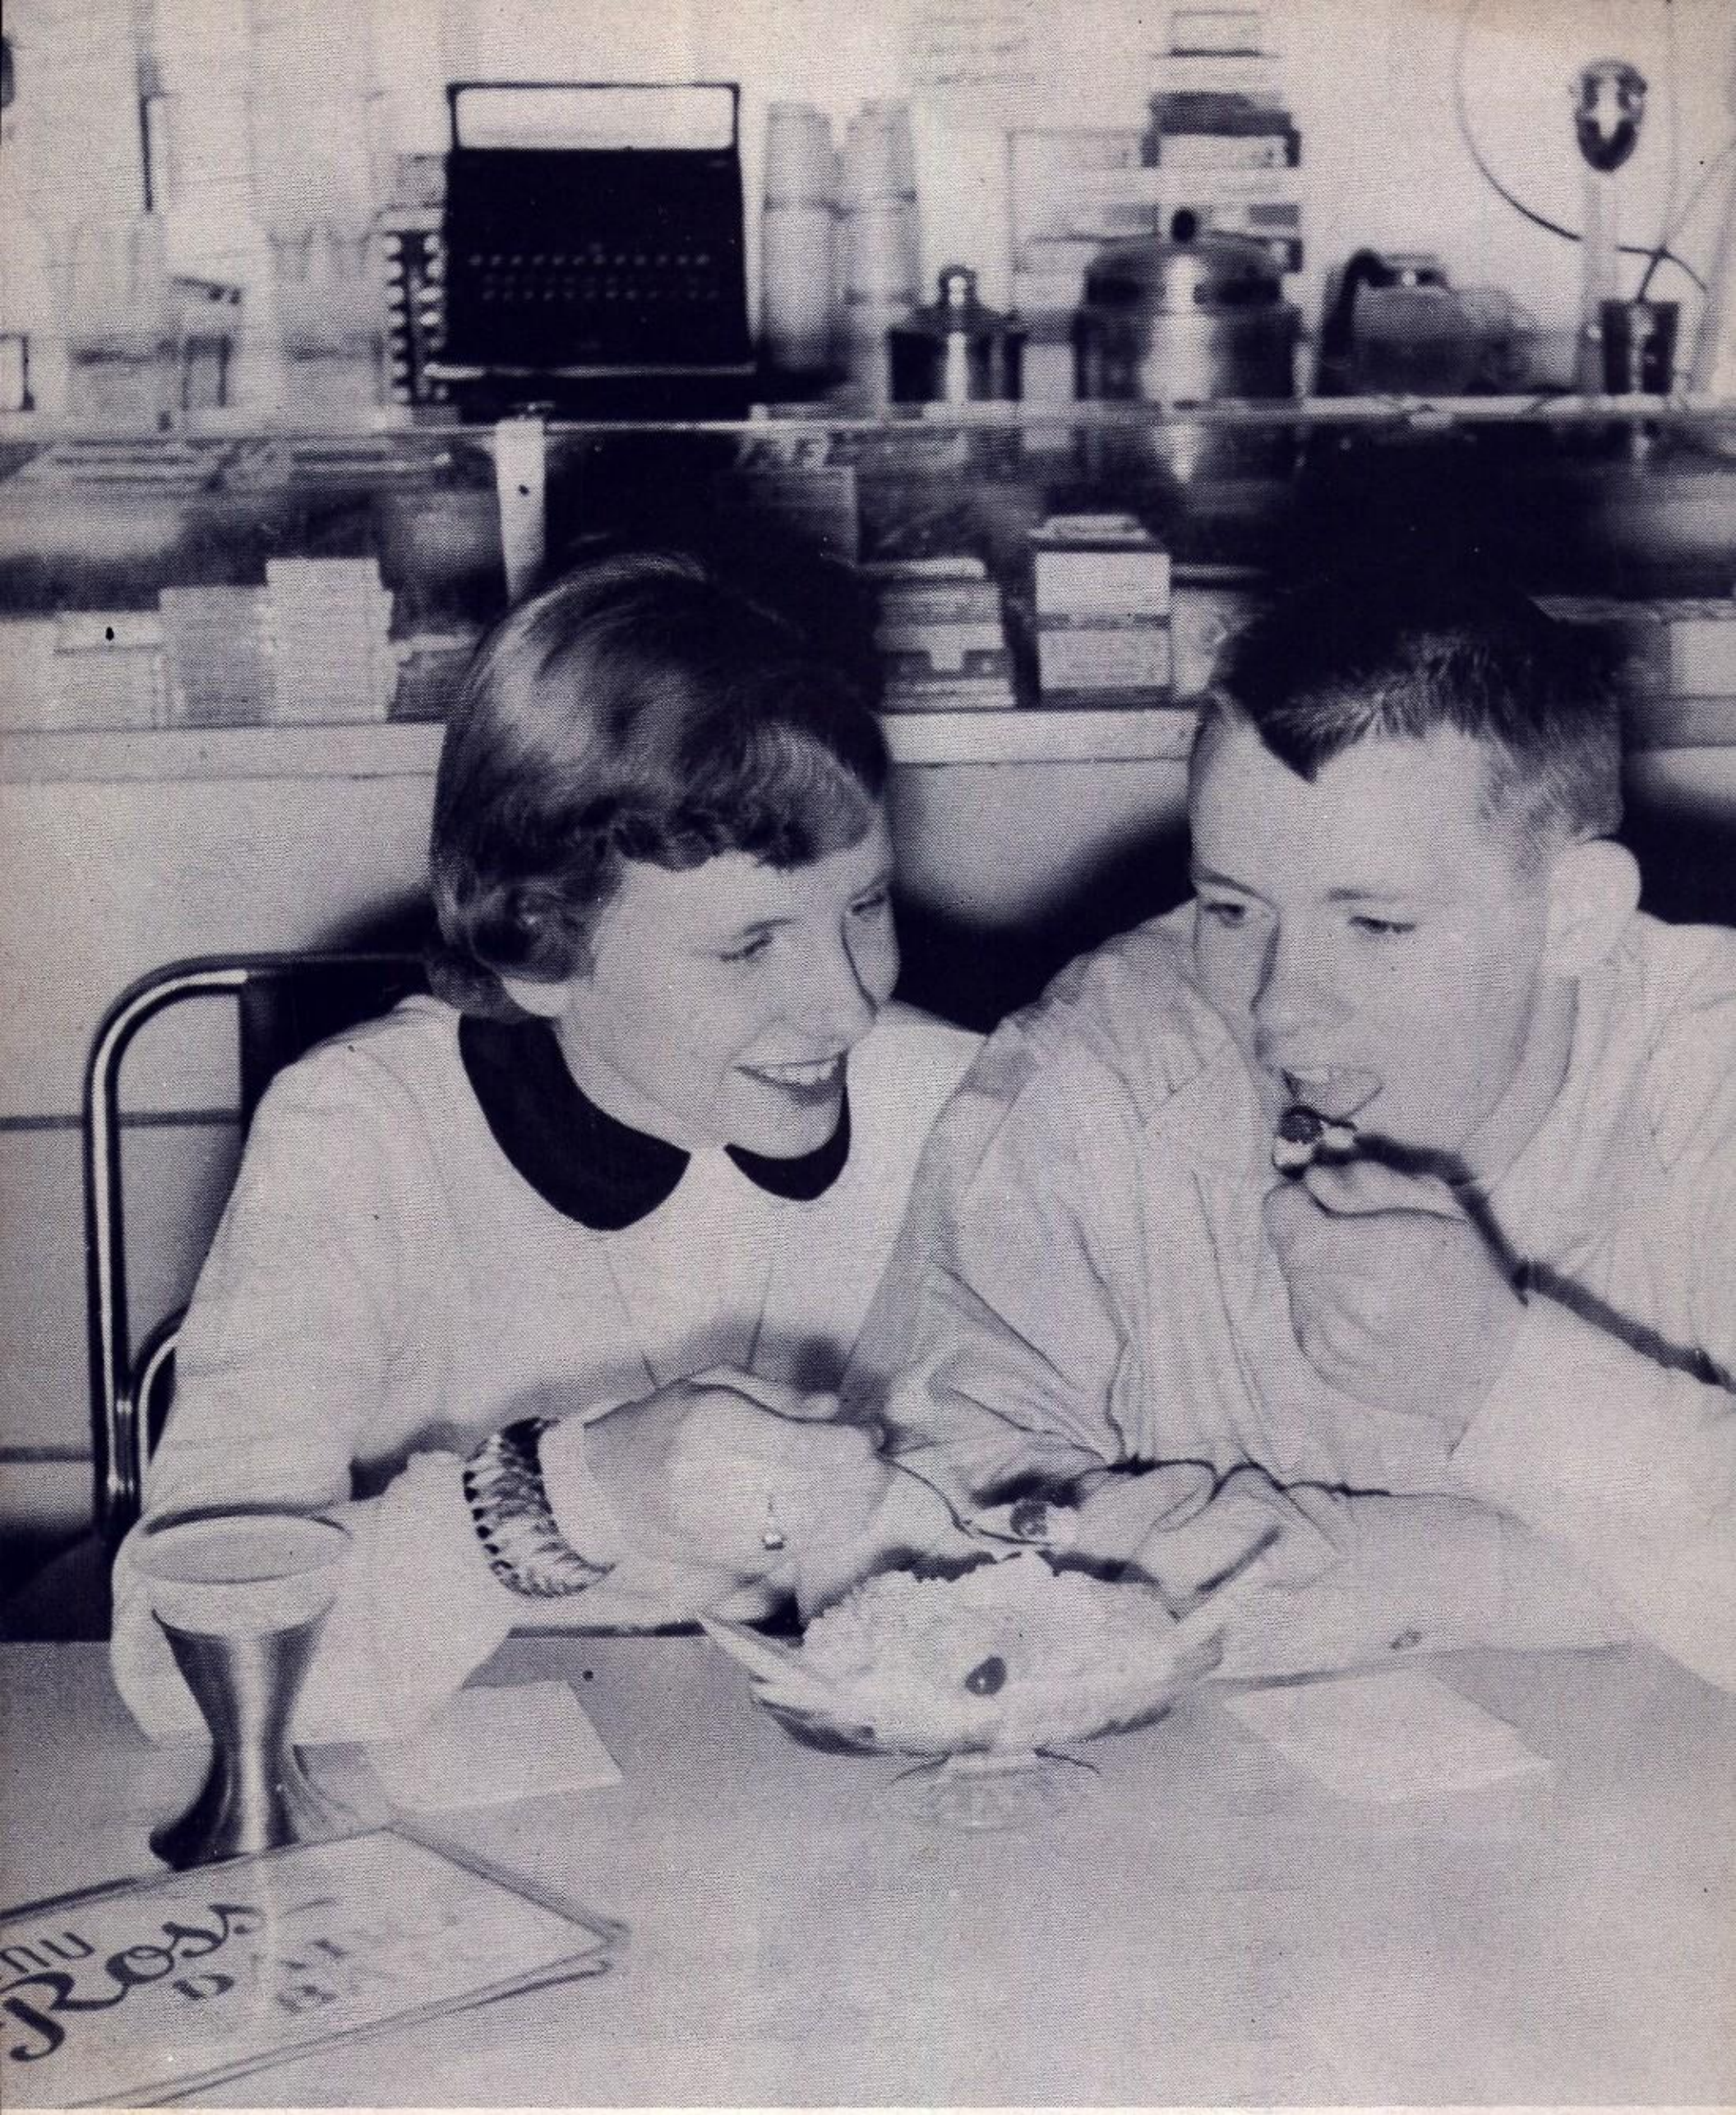
If a visitor were to enter W.H.S., he would be very interested in school life. At least XMo was while he was here. He thought us rather strange looking . . . and acting . . .





ROYAL



High school has many big events and exciting occasions but still remember the smaller things too. All these things have made your 1955 school year.

ROSS DAIRY BAR
Sealtest Ice Cream, Dairy Lunch, Delicatessen

But all work and no play would make for no fun at all. At W.H.S. the many extracurricular activities and social events give a well balanced school year. Never forget the fun we've had . . . at the dances . . . presenting the plays.

Co-Champions of the S. C. O.

After a topsy-turvy season this year the Blue Lions of Washington Hi wound up, along with Greenfield, on the top of the S.C.O. The Lions were like a snowball rolling downhill, slow at first but gradually gaining momentum.

The season opened here with Linden, the Lions bowing to them 23-0. With this game for experience the Lions then tackled Xenia, getting straight-armed 26-0. Then showing much improvement, but not quite enough, the Lions succumbed to Grandview 19-7.

But still keeping their spirit, they went on the next week to defeat Greenfield to the tune of 19-14. With this win under their belts the Lions went to Hillsboro where they had more of everything but points. When the final gun sounded the Indians had scalped the Lions 20-13. This was their only defeat in the S.C.O. this year.

They then blew over to Wilmington where they took the wind out of the Hurricanes by the score of 32-2. Now with two wins to their credit they proceeded to add another by whipping Dayton Kiser 27-14, to make our homecoming complete.

The Lions suffered a slight setback the next week when they lost to Bexley 39-20. However, they came back the following week to tame the Circleville Tigers 6-0, in the game of the year.

The Blue Lions of 1954 sometimes came out second best in the scoring column, but never in team spirit. The team will miss the eleven graduating seniors, but with the experience gained this year the team will be a worthy foe in 1955.

Cubs Undefeated

This season showed an active interest in Junior High football, as more boys reported to practice than the Cub Squad could accommodate. The Cubs got off to a fast start by rolling over Wilmington 37-7, blanking Mount Sterling 20-0, and shutting out the Greenfield eleven 34-0. They then trounced Hillsboro 47-0, again checked Greenfield 38-6, and ended the season by defeating West Jefferson 27-7. This season ranked as one of the best in our Junior High team's history, as the Cubs racked up 203 points to their opponents' 20. The Junior High's excellent season is attributed to a gallant spirit and terrific teamwork. They have good prospects for a successful season next year. Good luck, Cubs!

The student body of Washington High School selected Roxy Rost as their 1954 Homecoming Queen. She was one of the most beautiful queens that has ever reigned over the homecoming festivities.

The Queen and her court composed of: Marcia Fletcher, Senior; Nancy Merritt, Junior, Becky Johnson, Sophomore; Janet Ellis, Freshman; Helen Smith, Eighth Grade; Ann McDonald, Seventh Grade, were honored in an assembly before the student body. At this assembly she received her crown and bouquet of roses from Mickey Milstead and was entrusted with the game football.

It was an unforgettable experience for Queen Roxy and her court. The football team did their job by trouncing Dayton Kiser, 27-14, and the Student Council sponsored an enjoyable dance after the game.

Queen Roxy's reign ended with the dance, but the pleasant memories will linger on in the minds of the students.

WHS Marching Band

Go Washington! Wave the Flag! Billboard! Anchors Away! These are just a few of many marches played by the Washington High School Marching Band in the fall at halftime during the football season. The 106 piece band under the direction of Mr. William B. Clift provided many an added thrill to the crowds with their snappy routines. This fall for the first time the band marched in their royal blue and white uniforms financed with funds raised by donations from the local townspeople. The band is led by two high-stepping drum majors, Bob English and Randy Mann. Majorettes are Portia Brownell, Wanda Tracey, Kathy Wright, Janet Ellis, Joan Knisley, and Jo Reiff. The 1955 band officers are:

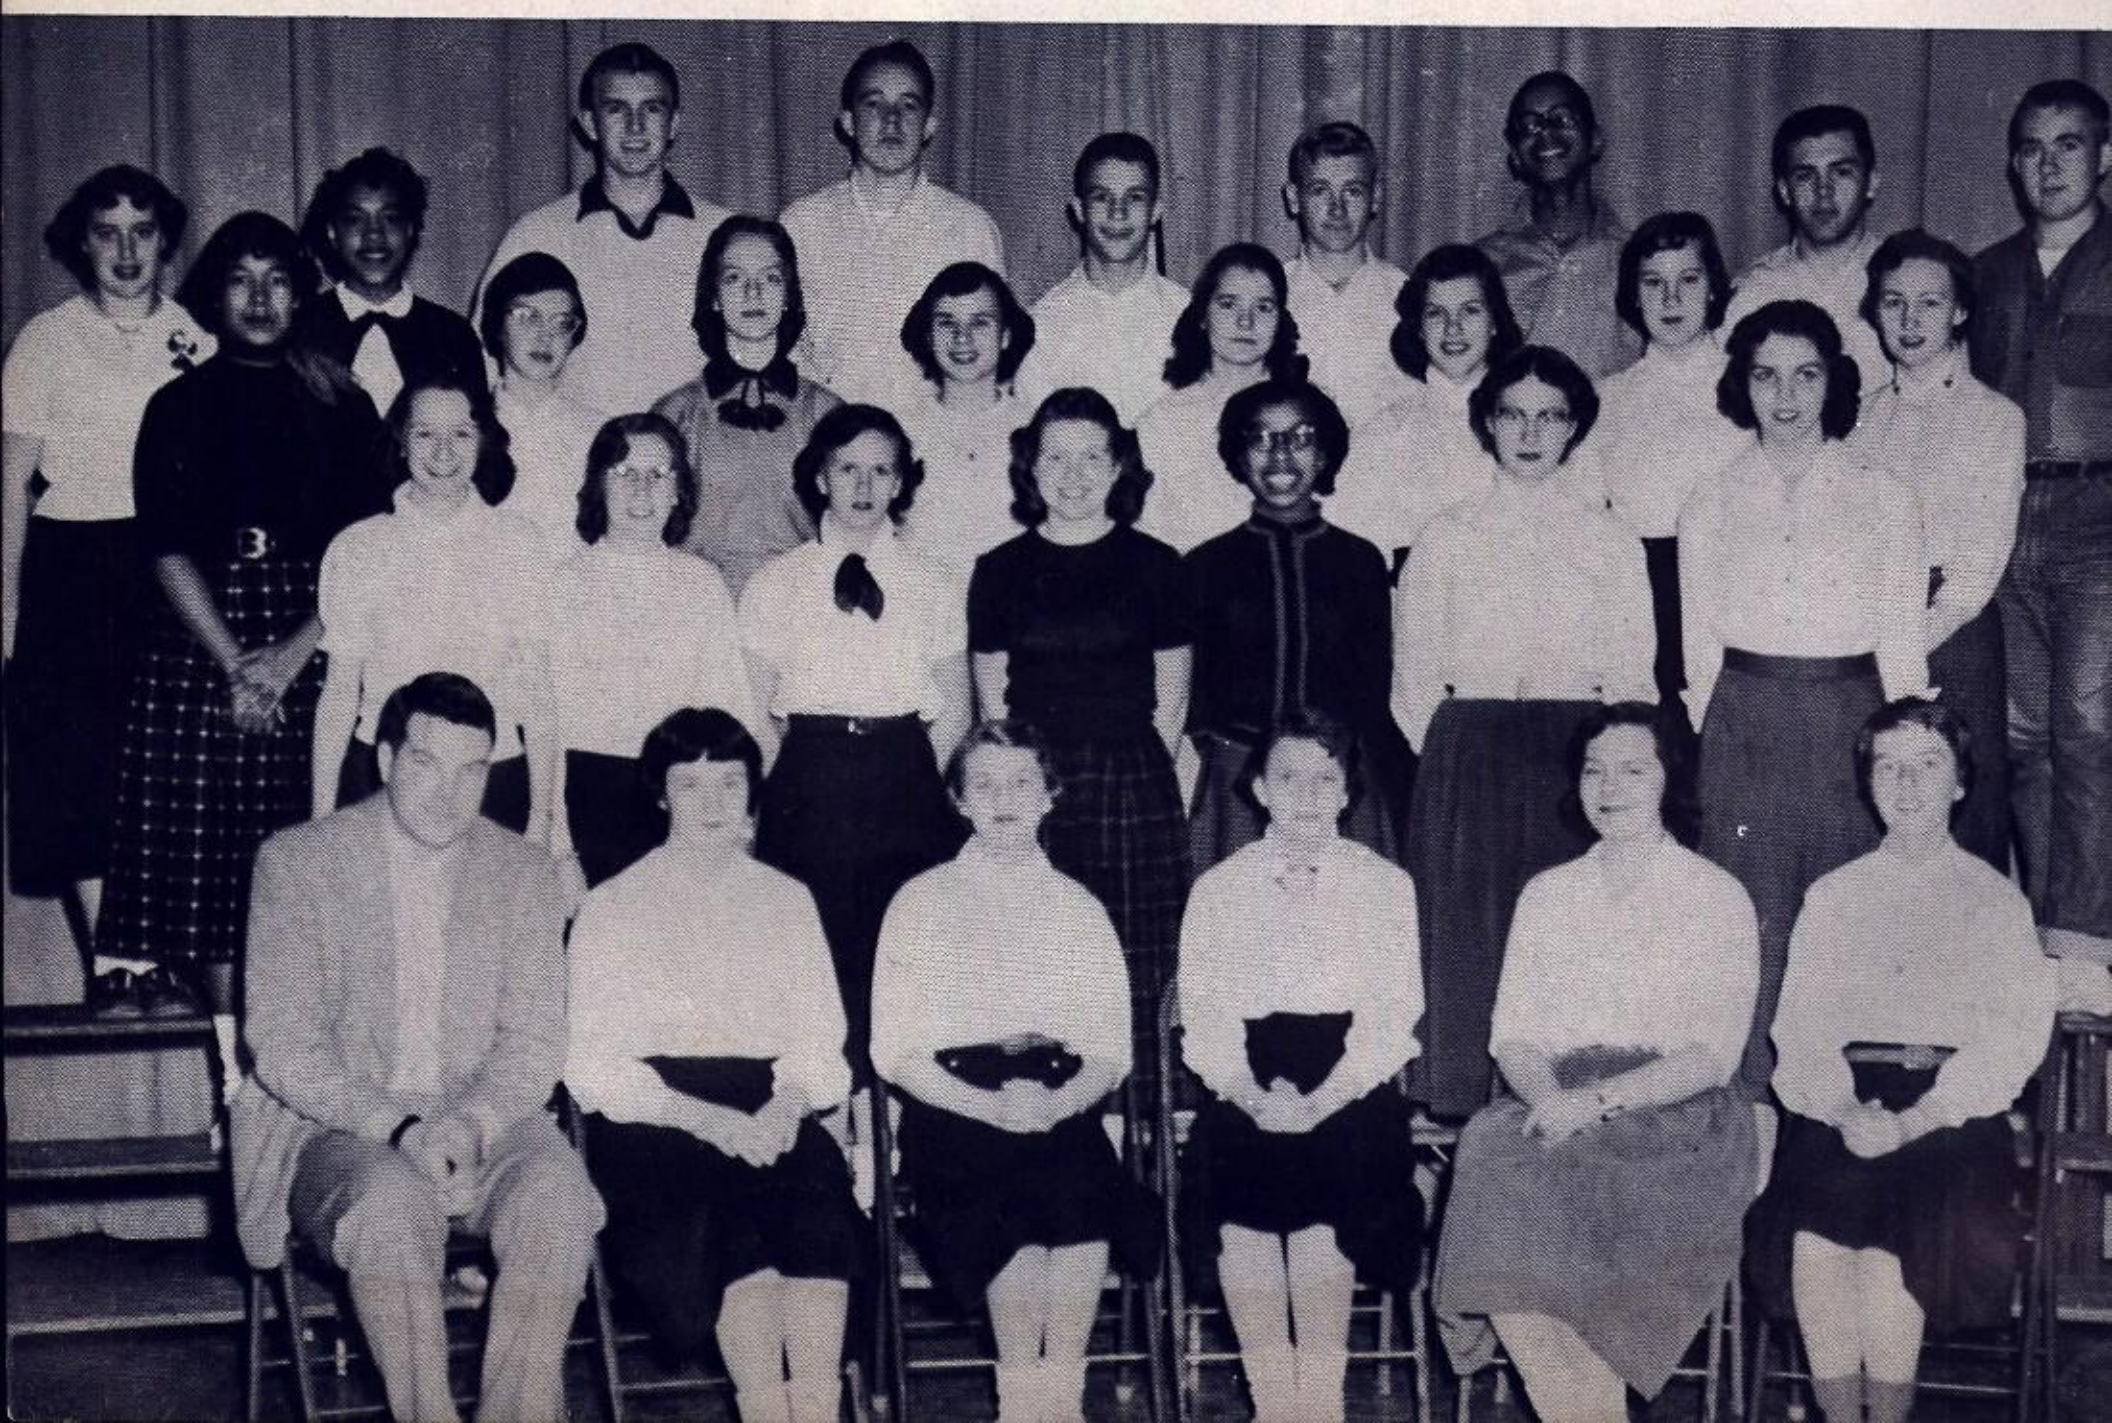
The Mixed Choir

The mixed choir of Washington High School is composed of boys and girls in all four grades of the high school. Anyone who likes music and loves to sing is eligible. Choir is an actual subject; anyone taking it receives one-half unit of credit toward graduation. The choir has a new director, Mr. James Lochary. Under his guidance the choir practices for one hour every morning first period. They sing all types of music with perhaps a bit more emphasis on religious types. An annual spring concert is presented by the choir which is the main event in their year. The approximately 30 members appear many times before the student body during the school year, in chapel programs and assemblies. The choir's members not only sing, but many are outstanding musicians in other fields. The choir accompanist is Diana Everhart, a junior. The choir officers are: President, Martha Hudson; Vice President, Diana Everhart; Secretary, Jody Willis; Treasurer, Sue Swengel; Librarians, Bob Martindale and Randy Foster.

First row: Mr. Lochery, Martha Hudson, Diana Everhart, Joan Willis, Susan Swengel, Janet Smith. *Second row:* Phyllis Fisher, Doris Sword, Joyce Matson, Beverly Randell, LuAnn Foster, Judy Gilley, Mary Ann Hackett. *Third row:* Linda Beatty, Charlotte Hensly, Elizabeth Carson, Marjorie McBrayer, Janet Emrick, Kay Knisley, Jerilyn Croker, Joan Williamson. *Fourth row:* Lula Belle Leisure, Beverly Leonard, Michael Boylan, Ronnie Campbell, Bobby Martindale, Richard Merritt, Raney Foster, Marvin Arnold, Garrel Leasure.



Girls' Glee Club

The Senior High Girls' Glee Club is an all-girl vocal group also directed by Mr. Lochary. The twenty-six girls meet and practice regularly after school. The group is new this year, composed of girls in all four grades of the high school. The girls work hard but have a lot of fun singing all kinds of music in three part harmony. The girls participated in the Christmas Chapel program, although so far they sing mostly for their own enjoyment. Their accompanist is Janice Gillen, a sophomore. Officers elected this year are: President, Nancy Reno; Vice President, Wilma Brown; Secretary, Sue Swengle; Treasurer, Wanda Tracey.

First row: Wanda Tracey, Nancy Reno, Sue Swengel, Wilma Brown, Janice Gillen. *Second row:* Marjorie McBrayer, Doris Sword, Phyllis Fisher, Ann Merriweather, Susan Wissler, Jean Persinger, Joan Knisley, Peggy Bandy. *Third row:* Mr. Lochary, Nancy Merritt, Joan Jacobs, Sara Terhune, Jo Reiff, Linda Loudner, Sandy Rose, Sarah Core. *Fourth row:* Elizabeth Carson, Linda Rice, Judy Preston, Nancy Hurtt, Patty Cutlip, Katy Hackett, Mary Ann Hackett, Joan Williamson, Janet Smith.

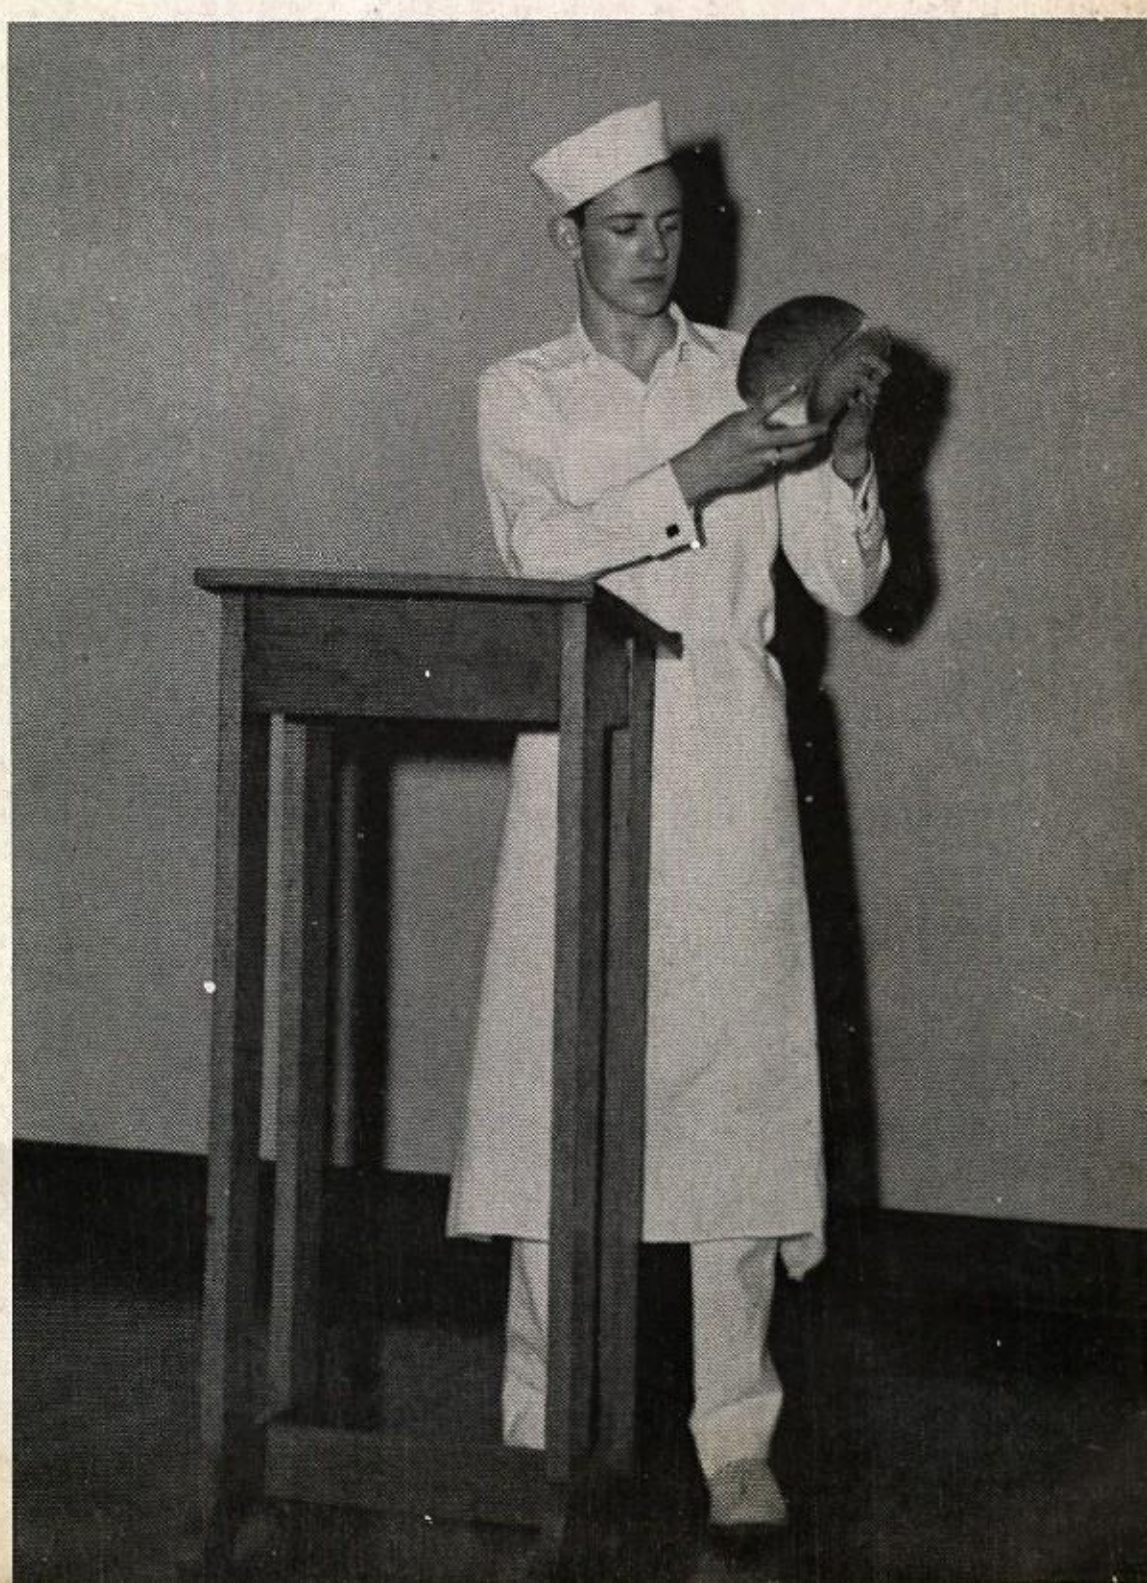
In working toward tomorrow's world, we have to learn many new things. One of the most important of these is learning to express yourself orally. We of Washington High School are especially proud of our speech department headed by Mr. Thomas Mansell. One of the many different types of speeches given in class is the sales speech. Students become super-salesmen, selling a wide variety of products, such as vacuum sweepers, popcorn, cars, and clothing. Many actual sales are made. Students learn self-control, and are able to master the embarrassment and fear of appearing before an audience. Students may never completely lose the butterflies that accompany a public appearance, but they are much more at ease and have more poise. The speech department gives many performers to activities around Washington High School, and usually by the end of the year speech students have appeared several times before the student body.

John McWilliams selling bread to the speech class. Looks good, John!



Mr. Mansell must have asked a tough question. Here's hoping Walter Hays knows the answer.

Quote from Shakespeare's *Julius Caesar*. Give a record pantomime. Describe in detail a stage setting. Students from Mr. Mansell's dramatics class can do any or all of these things. This class, offered only to seniors, gives a thorough knowledge of the theater to all those taking the course. One of the highlights of the year is when the miniature stage set assignment is given. The students each read a different play, any one they want to, and then build a stage setting for it in miniature. These are very elaborate, interesting, and fun to build, giving the students first-hand knowledge in stage design.

THE COCA-COLA

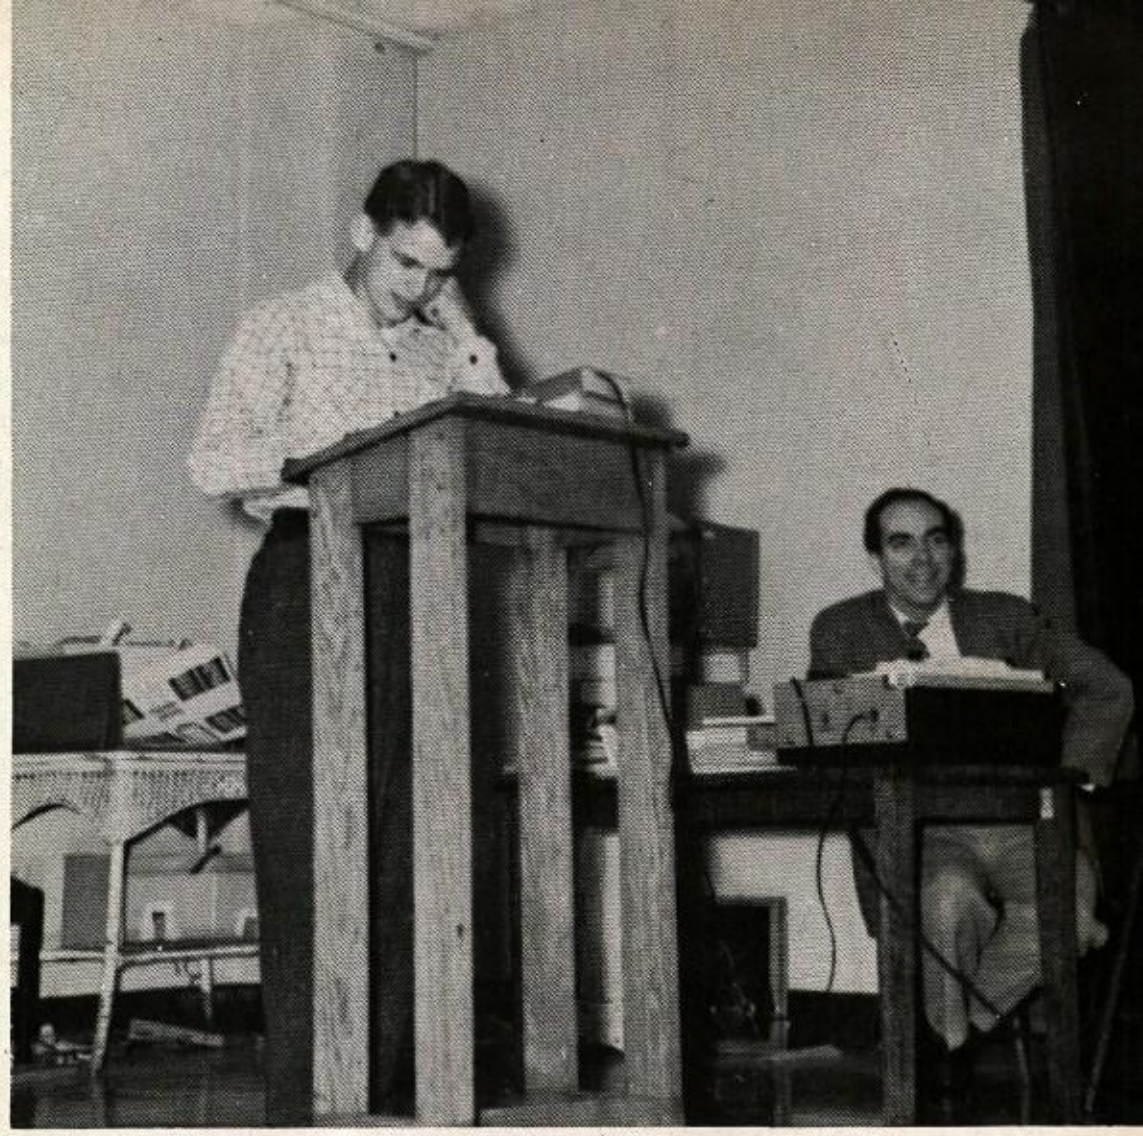
The Pause That Refreshes



The tape recorder is widely used in dramatics class. Here Mr. Mansell records a presentation by Bud Hill.

Interest runs high in current movies, Broadway hits, and stage personalities. The class takes a poll among its members to determine their own choice for winners of the Academy Awards. The class not only studies current events in acting circles but studies in detail the history of the theater. The members of the class have performed many times before such groups as the Masons, Rotary, and the student body during assemblies. The class is fortunate to be taught by Mr. Thomas Mansell, who has spent many years in the acting profession and writing.

Many members of the Thespian Club are in dramatics class. Laurann Beard, Rodger Mickle, Sally Reiff, and Mickey Peters, all Thespians, decorate for the Sweetheart Dance.

Thespian Club

Thespians

Troop 449, the Washington High School branch of the National Thespian Society, is advised by Mr. Thomas Mansell. Membership is earned by a point system based on work contributed in presenting plays. Once membership is earned, you are a lifetime member. Meetings of the twenty members are usually held on Monday nights in the various homes of the members. This year the Thespians went to New York City during Easter vacation. While there the members experienced many unforgettable events, seeing many television shows and Broadway hits. They will never forget the thrill of walking down Fifth Avenue in the Easter Parade. Funds were raised by Thespian-sponsored sock hops, bake sales, donations, and many other projects. The main source of income for the trip was the annual Thespian play. This year *The Night of January 16th,* a comedy drama, was presented by the troop. The play was unique in that members of the audience participated, acting as members of the jury. In presenting the play the group learned many of the fundamentals of the acting profession.

A typical Thespian meeting. These are always held in the homes of the members.

A few members of the cast of *The Night of January 16th* rehearsing in the auditorium.

The junior high band under the direction of Mr. Clift, is a very important step toward the goal of becoming a member in the senior band. The junior high band is composed of sixty boys and girls in the seventh, eighth, and ninth grades. The group not only practices in the band room each Monday, Wednesday, and Friday, but also marches in the annual Memorial Day parade each spring. This year they will present their annual concert at night by themselves without the aid of the grade school band. They also play for their own junior high pep meetings. This is a fairly new group but they are very active and have accomplished many things to be proud of.

Junior High Chorus

On Tuesday afternoons after school a person walking through the halls of Washington High School would hear the blended voices of the Junior High Boys' Glee Club and the Junior High Girls' Glee Club. These two groups combine to form the Junior High Chorus. The twenty-six boys and girls sing all types of music at their weekly practices under the direction of Vocal Instructor, James Lochary. The group appeared before the student body during special assemblies and takes an active part in their own Junior High assemblies. Unlike the boys', the Girls' Glee Club has officers, who are: President, Ann Lentz; Secretary, Jane Whiteside; and Treasurer, Carolyn Hillard.

As you may well see, this organization has about the largest membership of any club in Washington High School. The club is broken down into Freshman, Sophomore, and Senior groups, but although they are separate clubs, they work together as an unit on many projects. The one big question which is traditionally asked every year around Christmas-time is "Who are you taking to the Y-Teen Dance?" This is one of the biggest dances of the year, and all three clubs planned and developed the dance this year into a wonderful success. The girls are trying to establish the tradition of Y-Teen sponsored Easter services, which take place early Wednesday and Thursday morning before Good Friday. This was first started in 1954 and was again planned and held this year. What Y-Teen year would be complete without the annual breakfast, at which officers are installed, songs are sung, and Seniors are given a farewell with roses! Every girl may be proud to be a member of Y-Teens, regardless of race, creed, or color. Truly the girls have had a worthwhile and prosperous year!!

"Don't you know the Girls' Athletic Association has an annual swimming party each winter at McClain High School and everyone has a swell time!!" Yes, and that isn't all this club does. They have an annual wiener roast, sponsor the Girls' Intramurals, and provide the all-star team for the Faculty-Student Basketball game. All in all, the major objective of the organization is to further interest in sports activities for girls, and to provide recreational opportunities for those students who wish to participate in active games.

Scene . . . Washington High School . . . The usual mumble is buzzing through the corridors and rooms . . . three small notes come over the P. A. System . . . a hush replaces the mumble . . . Yes, this morning the annual election speeches for the girl or boy to carry the responsibilities of being President of the Student Council. Shh, let's listen in . . . "Yes, fellow students, if I'm elected for your Student Council President, I shall, to the best of my ability, work for the betterment of the school and the benefit of the students."

Rather convincing wasn't it! The newly elected council and its capable president have lived up to all the promises made in this 1955 school year. The council added an amendment to the Constitution, organized the first Junior High Council, helped purchase a new loudspeaker system for the gymnasium, made certain there would be dances, by advertising for sponsorship, and many many more things for the students. This has truly been an active year for the Student Council, and all are to be congratulated! CONGRATULATIONS!

Here is a well known club from which YOU will profit! Why? Because it deals with the Future of the present and coming generation. All of these boys or most of them plan to serve their purpose on earth by providing the people of the world with the necessities of life. They study and apply their knowledge to all phases of agriculture and farming. This organization helps boys plan and prepare for their future and yours!

"Every farm should own a good farmer.
The best shares are plough shares!"

That means I'll go to college, I guess!" The Future Homemakers of America work together to enlighten those who are interested and answer any questions pertaining to the betterment of our lives and the lives of our families to come. Again we prepare for the future!

SCENE . . . Washington High School Auditorium
OCCASION . . . National Honor Society Assembly
CHARACTER . . . A student; President of N.H.S.

President	"Character" is based on . . . (etc.)
Student	(daydreaming) Character! What's my character like? I haven't paid too much attention for a while, but I guess I'm a pretty good Joe. Most everyone likes me or I think they do, but . . .
President	"Scholarship" is another . . .
Student	Gee, I don't know how much of a scholar I am, but I can remember many a time Mom sat me down to study and I can't say I've ever regretted it. My grades have been pretty good and I tried to . . .
President	"Leadership!"
Student	Humm. I can't say whether I could class myself as a leader or not. I've tried to cooperate and go along with club projects, but I don't know whether that makes me much of a leader!
President	"Service!"
Student	Well, I haven't been stubborn as far as going out of my way to give a helping hand where needed. I wouldn't do so bad, I guess, if I were scored on that, and . . . Huh? They called my name! Gee! Just a minute, I'll be right up!

I, my good student, am an "Anthology Annelida," or better known as, (against my better judgment) a "book worm," but you may call me Will Yum! I reside in room 235, more commonly known as the library; to be more specific, my official residence is the Encyclopedia Britannica, Volume III, Page 1,042, but I tour from book to book as any respectable book worm would do. In my observations of the Library operations, I have noted the willingness of several members of the student body, to help by checking books in, checking them out and placing them in their proper places on the shelves, (which I may add, proves very helpful to me in locating material to digest.) This student group, better known as the Library club, is very well organized, and above, you see them pictured!

This is the school; my name is Jo Student, and this is my partner Dunce Smith. The time is 12:15 p.m.—we're on the day watch out of—no, not homicide, patricide, or matricide, but secrecide! We're just looking around for some one to type up our reports for us and we heard the best place to go would be to see Miss Trent, the advisor of the Commercial Club of Washington High School. Just playing a hunch, at 12:18 p.m., we talked to Miss Trent who recommended several of her girls. 12:42 p.m.: We interviewed the girls. They all were such fast typists and seemed to know so much about their work that we decided to hire them all! We just want to get the facts, that's all, just the facts!

"Hello. Mrs. Grillot? Say, I was wondering if you could line up a few girls to usher Thursday night in the Auditorium. You can? Thanks a lot . . . Oh, I almost forgot, we'll be needing some girls to take charge of the children at the P.T.A. meeting at Cherry Hill School this coming Monday night. Do you suppose some of your girls would help us out? Swell! Thanks again. By now!"

If you're wondering, after eaves-dropping on that little telephone conversation, just who "Mrs. Grillot's girls" are, I'll straighten you out. As a unit, they are known as the Future Teachers of America, or briefly, the F.T.A. They hold their meetings every other Thursday after a quick lunch, in the school library, and at each meeting hear a speaker who offers their knowledge about the teaching profession and answers any questions they may have to ask. The F.T.A. in the past has been a prominent club and with their worthwhile purposes, it is evident it will continue to be so!

These are the boys who make up the Hi-Y club of Washington High School; this organization was just recently reorganized. What is Hi-Y? It's a nation-wide high school youth movement, working for a Christian democrary. The club is a division of the Y.M.C.A. The meetings are made interesting and informative by speakers, and educational films. The boys distributed Christmas baskets, and classed this project toward Service.

Dignity of work, the American way of life, education, fair play, satisfaction created by good work, high moral and spiritual standards—we all know what these individually mean, but what do they all portray? Answer—the Vocational Industrial Club of course. Made up of boys and girls all over the United States, this club tries to help them all unite school with work and learn a trade during school time. They have contests which serve to provide common goals for local chapter and stimulate activity in the National Organization.

As the name well designates, these girls belong to this particular club because they would like to become nurses, or help in the medical field in some way. Now, you may say, "What does it mean to be a nurse? Sounds pretty glamorous to me! Just think, you can sign R.N. after your name! Nurses always wear keen-looking uniforms! Yes, I think I'll be one!!" These girls are learning by helpful speakers and research, that it takes more than a nice clean physical appearance to become a nurse, and the title, "Registered Nurse," goes much farther than the glamorousness of the ink pen. Through this newly organized club, the girls are beginning to understand more and more about the great career of nursing!

A setting sun, or a rising sun? The answer is both! The 1955 annual staff's diary as kept by XMo:

5:00 a.m., yr. 1954—They racked their brains deciding on a theme!

5:30 a.m., still yr. 1954—With heads together, gold is struck! The theme is cussed and discussed. Now we're rolling!

5:45 a.m., yep, still yr. 1954—The whole crew is together now, appointing committees! What's that? Deadlines to meet? Wow, what a headache!

6:00 a.m., NOW! . . . 1955!—Here comes the sun, bursting over the hill. It's beginning to rise, along with ideas and pages of this book. Time grows too short!

8:00 a.m., yr.?? Yeah, 1955—Met the first deadline today! What a rat race this place was! But they made it!

10:00 a.m., STILL 1955—Met another deadline today. Boy those things sure can creep up fast! But those kids don't let it get them down! Ha! Ha!

1:00 p.m., How time flies!—Met another deadline! How's that for timing?!

3:00 p.m., GO, GO, GO—The sun is sure sinking fast, but not too many deadlines to go now! (Thank heavens).

5:00 p.m., You guessed it! 1955—Gotta get these last pages in! Can't mess around! There they go, right with the sun! See it setting over there? Or is it setting????!!
